TERMS OF SERVICE

Last updated: 4 November 2026

These terms apply to the website developer.shop (the “Site”), run by Individual Entrepreneur Nikolko Vladislav Viktorovich (“Developer.shop”, “we”). By using the Site you accept them.

1. What the Site is for

1.1. The Site describes our services: design and development of landing pages, corporate websites, online stores and web applications, interface design, redesign and support after launch.

1.2. The Site does not show prices or client work. Every project is confidential, so the examples on the Site were made for the Site and are not projects of real clients.

2. Briefs and proposals

2.1. Sending a brief does not create an agreement and does not oblige either side to anything.

2.2. We try to reply within one business day. We may decline a request without giving a reason.

2.3. A proposal from us is not a public offer. Work starts only after both sides sign the service agreement.

3. Using the Site

3.1. Do not send through the Site anything that is illegal, that you have no right to share, or that contains malicious code.

3.2. Do not try to break, overload or get unauthorised access to the Site.

4. Intellectual property

4.1. The texts, design, code and graphics of the Site belong to Developer.shop or are used under a licence. You may not copy them for commercial use without our written permission.

4.2. Photographs on the Site are used under the licences of their authors.

5. Liability

5.1. The Site is provided as it is. We keep the information on it accurate, but the terms of any work are only those written in a signed agreement.

5.2. We are not responsible for third-party websites the Site links to.

6. Personal data

6.1. How we handle personal data is described in the Privacy Policy.

7. Changes and contact

7.1. We may change these terms. The current version is on the Site, with the date at the top.

7.2. Questions about these terms: hello@developer.shop.
